## FOREWORD FOR IPC

Indonesia is proud to be the initiator of the 1st International Photo Circuit (IPC), a circuit of three countries: Indonesia, Myanmar and South Africa. IPC is a celebration of artistic expression and global creativity. This international salon brings together photographers from all over the world, 435 photographers from 51 countries, showcasing their diverse perspectives and unique stories through the lens of their cameras. We believe that art has the power to connect individuals, inspire change, and foster understanding across cultures, and this salon exemplifies that belief.

Federation of Photographic Society of Indonesia (FPSI) aims to continuously expand international networking. Therefore, FPSI is granting patronage to the Indonesia Salon to support this IPC. With the strong number of participants in the 1st year of the salon, we believe that the collaboration between three countries will even be strengthened in many years to come and the salon will be acknowledged widely by the international salon community.

We are thrilled to witness the incredible range of creativity of 6546 photos presented during this salon, highlighting the importance of visual storytelling. Photography is not just about capturing moments; it is about telling stories, conveying emotions, and connecting people across diverse cultures and backgrounds. This International Salon Circuit serves as a platform to showcase those stories.

High Appreciation to the HISFA, a club member of FPSI, under the leadership of the Salon Chairman David Lumentut, who had worked hard to organize this circuit and managing the effective communication among three countries. Great job to the team for making this first IPC a success. Our acknowledgement to Myanmar and South Africa organizers, as well as all participants and judges. FPSI also recognize the well cooperation from the Myanmar Photographic Society and Photographic Society of South Africa. Together, we create a vibrant community that values artistic expression and celebrates photography as a universal language.

Congratulations to all winners. May the remarkable images in IPC "shine" brightly and inspire to those who sees them.

**FPSI CHAIRMAN**

It is with great pride that I announce that the International Photo Circuit (IPC) 2025 has been successfully held, with 435 photographers from 51 countries participating and a total of 6,546 photographs submitted for competition.

The success of IPC 2025 is attributed to the participation of all participants who submitted their works, and I congratulate each and every one of you - you are all winners. I would also like to extend my appreciation to our esteemed 9-member jury panel from 3 different countries, who worked tirelessly to select the best photographs despite the challenges posed by different time zones.

My respect and gratitude also go to the circuit chairmen from Indonesia, Myanmar, and South Africa, as well as to the entire team who worked hard to make this event a reality. I would like to thank Federation Internationale De L'Art Photographique (FIAP) and Photographic Society of America (PSA) for their patronage, which has added significant value to our event.

Special thanks and respect go to Mrs. Agatha Anne Bunanta, Chairperson of Federation of Photographic Society of Indonesia (FPSI), for her invaluable support and guidance. Without her, IPC 2025 would not have been the same. I also extend my gratitude to Mr. Harjanto Sumawan, FIAP Liaison Officer for Indonesia, for his guidance in ensuring that we adhered to the rules and regulations.

We apologize for any errors that may have occurred during the event, which were unintentional and will serve as valuable lessons for future improvements. We look forward to hosting an even more spectacular event next year.

Finally, I invite you all to join us again at IPC next year, which promises to be even more grand and spectacular. Let us continue to celebrate the beauty of photography and creativity together!

Thank you, and we look forward to seeing you at IPC 2026!

Best Regards

David Lumentut, A.FPSI\*\*\*

Dear Photographers and Art Enthusiasts

I'm very honored to be the one of the Salon Chairman in this IPC Salon 2025, we proudly present this International Photo Circuit as a tribute to the creativity and passion of photographers from around the world. This event is more than a competition, it is a visual gathering across cultures, where every photograph conveys a unique message, emotion, and perspective.

We sincerely thank all the participants, judges, and organizing team members for their invaluable contributions. Without your support, this event would not have been as meaningful and vibrant. May this salon serve as a source of inspiration, education, and documentation of the evolving journey of photography. Enjoy the outstanding works!

Regards

**Than Tun Oo, Hon MPS**

I am delighted and honored to co-host the prestigious IPC 2025 International Photo Circuit alongside Indonesia and South Africa.

This event is especially meaningful as it coincides with the Diamond Jubilee of the Myanmar Photographic Society.

I would like to extend my heartfelt thanks to all participants and judges for their invaluable contributions to the success of this contest."

Best regards,

# SOUTH AFRICA SALON CHAIRMAN

South Africa is very honoured to be part of the International Photo Circuit Salon. The salon attracted many top international photographers from around the world, and looking at the resulting award-winning photographs, I can see that our jury members are amongst the best in the world. A heartfelt thank you goes to all the photographers from around the globe who dared to take part in this new Circuit Salon and therefore share with us their perspective on photography. As a new salon in the annual international salon circuit, I am sure IPC showed its worth amongst the other famous international salons.

I would especially like to thank the Indonesian team for taking the lead in setting up this new Circuit Salon and for the very smooth execution of all the administrative tasks. We are proud of the end result. On a personal note, I am also very proud to see so many South African award-winning photographers amongst the elite group of international photographers. It shows again that South African photographers are a formidable force to be reckoned with!

# ABOUT INTERNATIONAL PHOTO CIRCUIT

Welcome to the International Photo Circuit (IPC), a newly launched global photography salon designed to enrich the world of photography. This inaugural event marks a significant milestone in our journey, bringing together three countries - Indonesia, Myanmar, and South Africa - in a collaborative spirit. The IPC is set to become an annual fixture, fostering creativity and camaraderie among photographers worldwide.

As the organizing committee, Himpunan Seni Foto Amatir (HISFA) Yogyakarta is proud to partner with the South Africa International Cup, a member of the Photographic Society of South Africa (PSSA), and the Myanmar Photographic Society (MPS). For HISFA, hosting an international salon is not new, we have consistently organized such events since 2020, patronized by the Federation Internationale De L'Art Photographique (FIAP) and the Photographic Society of America (PSA). Our experience includes:

1. Indonesia Photo Circuit (2020-2021)

A joint effort with two other Indonesian clubs, successfully held despite the covid pandemic.

2. HISFA Photo Circuit (2022-2024)

Consistently organized by HISFA as the single host.

Inspired by the spirit of "Photography Beyond Borders," our club members, supported by Mrs. Agatha Anne Bunanta, Chairperson of FPSI, and Mr. Harjanto Sumawan, a respected figure in HISFA and FIAP Liaison Officer for Indonesia, conceptualized the IPC in late 2024. This initiative embodies our commitment to global collaboration and artistic expression. For HISFA Yogyakarta, FPSI, PSSA, and MPS, this partnership is more than a new collaboration - it's a reunion of old friends. We've frequently worked together in various photography salons, sharing expertise and passion for the art.

Finally, let's celebrate the beauty of photography and the power of global connection
